PICOLINE® 13 W <i>electronic</i>	LUMILUX INTERNA® 41/827	8000	

PICOLINE® EL

The miniature batten luminaire that can rotate 360° around its longitudinal axis for either direct or indirect light. Complete with integrated lamp and ECG for electronic comfort.

PICOLINE® EL is ideal if a luminaire needs to be added quickly and easily, particularly where space is tight. The luminaire has a cross-section of just 21 mm x 24 mm. The 8 W version is 374 mm long, and the 13 W version 602 mm long. It will save more than it costs. Compared with a luminaire of the same brightness with a 75 W incandescent lamp the PICOLINE® 13 W *electronic* will save DM 138 in electricity costs.* Available in white.

Small dimensions, electronic comfort: PICOLINE® EL provides pleasant low-cost light in wardrobes and shelving units.

* Based on an electricity price of DM 0.28 per kWh and an average life of 8000 hours. 8000 hours corresponds to 8 years at around 3 hours a day.
