

XENARC lamps by OSRAM: For those who want more than merely standard performance.

5.51 OSRAM GmbH, Dept. CS CC, 81536 Munich

If only the best is good enough for you, XENARC® is the only choice. These gas discharge headlight lamps shine twice as bright as conventional halogen lamps, but without dazzling oncoming traffic. Which makes driving all the safer. What's more, XENARC® lamps last for the life of the car. And are so compact that they permit exciting new design concepts. More ways to outshine standard solutions: www.osram.de
